**HOME & GARDEN SHOW**

## MEMO TO ALL EXHIBITORS

### LIGHTING

***\*Please be advised that there will be low-level ambient lighting at the Designs for Living Home & Garden Show, in order to create the best backdrop for our attendees. We would encourage you to purchase additional lighting and incorporate this into your booth design.***

We pride ourselves in offering our customers a relaxed, low lighting atmosphere to add ambiance to the experience. We will not be responsible for lighting in your area; therefore, you are required to light your own booth.

Listed are our suggested options:

- 120 watt floodlights on 8ft chrome stand
- 500 watt quartz floodlight on 8ft chrome stand
- Ceiling mounted 1000 watt quartz floodlight (For 20x20 Booths or larger)
- 120 watt chrome arm light/clip on light fixture
